

SHORTHORN PRODUCTION SALE

MONDAY, MARCH 17, 1969

KC SHORTHORNS

Production Sale

MONDAY

MARCH 17, 1969

At the Farm

KANSAS CITY

MISSOURI

Remember the cover of the 1967 Year-End Review Number of The Shorthorn World? That's Les Mathers presenting the Leveldale Trophy to Mr. and Mrs. Dave Lorenz and Gordon Philip of KC for exhibiting the best pair of the International show. The bull is KC Silver Event by Kelburn Great Event. He was the first-prize junior calf and sells March 17. The female is the International grand champion Secret Pearl of KC whose dam sells!

Part of the enthusiastic KC promotion program was this display of Glamis Benefactor in the lobby of a Kansas City hotel during the American Royal. With the bull are Patricia and Dave Lorenz, KC owners.

Gordon Philip, KC manager, is at the halter.

Alistair Philip receives the Herdsman of the Year award from C. D. "Pete" Swaffar, executive secretary of the American Shorthorn Ass'n at the 1968 International. Alistair is largely responsible for fitting the successful KC show herd.

WELCOME TO KC --

Dear Friends:

Size/Quality . . . SIZE/QUALITY . . . that is today, and always has been, KC's watchword for years . . . and years . . . and years!

"Modern Shorthorns" . . . big, heavily muscled and trim . . . are nothing new to KC. Our very first show string in 1962 featured progeny of Bapton Constructor that many exhibitors and on-lookers thought "weren't fat enough for show cattle!" The breed has changed since.

In 1964, with the acquisition of the massive Clipper King of Bapton x, KC not only began its entry into the Polled Shorthorn ranks, but featured the weights of its herd sires:

\$ 50,000	BAPTON CONSTRUCTOR	2,300 lbs.
\$ 36,000	LOUADA NUGGET	1,875 lbs.
\$ 60,000	GLAMIS BENEFACTOR	2,175 lbs.
\$ 25,000	CLIPPER KING OF BAPTON x	2,670 lbs.
<hr/>		
\$171,000	TOTAL	9,020 lbs.
\$ 42,750	AVERAGE	2,255 lbs.

Hundreds of visitors have told us that we have at KC the greatest collection of quality brood cows and heifers in the Shorthorn breed. They have been selected carefully, culled vigorously, and bred up.

The 1966-67 and 1967-68 show records of the progeny of the great Glamis Benefactor have never been equalled by any other bull in history, either in the United States or Canada. Just count the number of KC All-Americans against all others for all time! Such success is no accident.

At the 1969 Fort Worth show KC's 1968-69 show season ended. Another triumphant year for KC . . . but, this year, with the progeny of another proven herd sire, Kelburn Great Event. Benefactor is still here and working. See him!

No other herd has been able to offer such uniformly top cattle by different proven herd sires to leading judges in national shows . . . and win year after year . . . consistently year after year!

The service of "George the Giant" will be a feature of this sale. Whether you buy or not, you should see this great bull of the future at this truly great event on March 17 at KC. You and your family are invited to the party at our home on the farm March 16.

Sincerely,

Pat and Dave

This is Mr. and Mrs. Dave Lorenz' home at KC. It has been the scene of many gala Shorthorn and Polled Shorthorn events and will be the location for buffet dinner the night before the KC sale.

General Sale Information

TIME AND PLACE: Monday, March 17, 1969, at KC Shorthorn Farms, Kansas City, Mo. KC is located on Highway W, one mile north of the junction of U.S. 71 (I-29) and Highway W (the Kansas City-St. Joseph Road). The sale will begin promptly at 12:30 p.m.

TRANSPORTATION: Kansas City is easily reached by any mode of transportation. For complete details see page 6.

HOTEL ACCOMMODATIONS: Sale headquarters will be the Howard Johnson's Motor Hotel at the junction of Interstate 29 and 35, 1600 Russell Rd., North Kansas City, Mo., 64116. Reservations may be made directly to the hotel, to the sale manager or to the personnel of KC Farms.

DINNER: Plan to be the guests of KC Farms on Sunday, March 16, at a buffet dinner to be held at 6 p.m. in the home of Mr. and Mrs. Dave Lorenz on the farm.

AUCTIONEER: Paul Good, Van Wert, Ohio.

GUARANTEE: All cattle will be sold under the standard guarantee endorsed by the American Shorthorn Ass'n.

HEALTH: All cattle will be sold under the laws of Missouri. Official calfhood vaccination of females is practiced and the herd is accredited on No. 112 and certified No. 207. See the statement of the herd veterinarian on page 7. All females in calf for six weeks or more will be pregnancy checked and all bulls over 12 months will be semen checked. The most careful herd health standards are maintained and the cattle in the sale are eligible to travel to any herd in the world.

TERMS: The terms of this sale are cash. Checks should be handed to the clerks immediately following the auction. Please be sure to have the clerks record your shipping instructions and transfer information.

LIABILITY: KC Shorthorn Farms, its owners or employees accept no liability for accidents that may occur. Mishaps at cattle sales are very rare, but all attending must do so at their own risk. The sale manager, auctioneers, ringmen and clerks were employed by the owners for specific promotional and clerical tasks, and have no connection with the handling of the cattle, the condition of the premises, fulfillment of guarantees or status of health papers. The sale of each animal constitutes a contract between the buyer and seller of each lot, but the sale manager cannot be responsible for the fulfillment of that contract. Where footnotes appear in the catalog, they were written by the owners or employees of KC Farms or from information provided by them.

LUNCH: The North Platte County 4-H Council will provide a hot meal on sale day and light refreshments the day before.

FURTHER INFORMATION: The farm manager or sale manager will be happy to give you his critical appraisal of any of the cattle selling. A supplemental sheet will be provided on sale day showing breeding dates and any other necessary information. All announcements from the auction block supersede any other information, written or oral.

MAIL BIDS: We hope it will be possible for you to attend the sale. If not, mail or telephone bids may be directed to any of the following:

C. D. Swaffar, executive secretary, American Shorthorn Ass'n, 8288 Hascall St., Omaha, Neb. Tel: (402) 393-7200.

Harris Simons, The Shorthorn World, 16 So. Locust St., Aurora, Ill. Tel: (312) 896-8511.

Ted Aegerter, assistant secretary, American Shorthorn Ass'n, 8288 Hascall St., Omaha, Neb. Tel: (402) 393-7200.

Bill Stunkel, The Shorthorn World, 1228 N. Nye Ave., Fremont, Neb., 68025. Tel: (402) 721-7254.

Bob Fitzgerald, The Drovers Journal, 1505 Genesee St., Kansas City, Mo.

C. K. Tomson, Harding & Harding Livestock Insurance, Geneva, Ill. Tel: (312) 232-2100.

Al Hamann, Rock Rapids, Iowa. Tel: (712) 472-8676.

R. G. "Bob" Heine, 2729 Simms St., Lakewood, Colo. Tel: (303) 238-6045.

Lyle Eiten, Ladd, Ill. Tel: (815) 894-2297.

Any of these reliable men can be reached at the sale headquarters or KC Farms within 24 hours of the sale.

INSURANCE: Will be available.

BID BY TELEPHONE: If you are unable to attend the sale, you may bid directly to the auctioneer by telephone. See page 9 for complete details.

FARM FORCE: Gordon Philip, manager; Alistair Philip and Gene Gariner, herdsman.

TELEPHONES: Gordon Philip (816) JU 7-1007. Dave Lorenz (816) JU 7-1003 or JU 7-1004. Dave Lorenz office (816) JE 1-6836 or JE 1-4803.

FROM THE SALE MANAGER --

Few herds in the history of Shorthorn and Polled Shorthorn cattle have so stirred the imagination or made such meteoric strides as KC. The success of the herd is detailed fully in this reference catalog. By any standard you use, the record is unexcelled.

This is no flash in the pan . . . no overnight miracle. It has taken years of hard work, countless miles of travel, tens of thousands of dollars and steadfast devotion to the KC goal of developing and selling only the very best Shorthorns and Polled Shorthorns. Today, KC has taken a position of leadership in the breed. Their promotion efforts are tireless. Their cattle have been universally recognized. In 1968, Pat and Dave Lorenz became the first husband and wife to be jointly honored as "Builders of the Breed."

The 1967 KC sale average has not since been equalled in the United States. It stands as the best U.S. auction since 1963. It is a record that KC is out to break. To do it takes great cattle — the best the herd has produced in the last two years plus priceless foundation females and young sires that will eventually be used at KC itself.

Be at KC on March 17. The cattle are there to make history once again.

HARRIS SIMONS
The Shorthorn World

Here's just a part of the over-flowing KC sale tent at the time of the record-breaking 1967 sale. Will you be a part of this discriminating audience on March 17 this year?

TRANSPORTATION and ACCOMMODATIONS

KC Shorthorn Farms are easily reached by any mode of transportation. As you can see on the adjoining map, Kansas City is served by Interstate Highways 35, 29, and 70. The farm itself is located on Highway W, 1 mile north of US 71 (I-29) and W, the Kansas City-St. Joseph Road.

The Kansas City Municipal Airport is nearby, as is the Howard Johnson Motel, sale headquarters. Upon arrival at air or train terminals, visitors may take Howard Johnson courtesy cars to the sale headquarters. If you miss connections, call the farm and a KC representative will meet you. The farm phone number is (816) JU 7-1007.

Kansas City, Missouri

TO WHOM IT MAY CONCERN:

I have attended the cattle at KC Shorthorn Farms from its beginnings years ago.

The cattle are healthy and in good breeding condition.

KC Shorthorns are certified free of brucellosis on certificate #207 and accredited tuberculosis free on certificate #112.

Yours truly,

I. J. Twiehaus, D.V.M.

A LOOK AT THE FUTURE

Many changes have come about in the beef industry in the past few years. We at KC feel that in order to improve our product we must not only keep abreast within our own breed, but also with the other breeds. After all, it is the other breeds that are the competitors. They are making great strides whether we like it or not . . . and whether we concern ourselves or not. We are pleased that a number of the programs we at KC have promoted have been adopted by our Shorthorn breed.

It was gratifying to see the American Shorthorn Ass'n recommend a more uniform type so that all Shorthorn breeders will move more in the same direction. We take pride in having circulated a KC newsletter last year to every Shorthorn breeder recommending a new, modern type. We have to keep our cattle practical in the show ring and on the farm. We are glad to see judges selecting cattle that are not overly conditioned and that move well on their feet and legs.

Another important step was made when some of the semen restrictions were lifted. We fought hard for this and feel there should be no restrictions on breeding the best cattle possible. I cannot see any future in restricting the use of a great bull whether it be in a neighbor's herd, or in some far away country. I hope that in the near future, we will be able to buy and sell cattle in every country in the world. They need our cattle just as much as we need their cattle.

Size is a great concern of most cattlemen today. We at KC have always stressed size. You will remember our ads of the past giving the average weight of our great herd sires, specifically 2,255 pounds each on the average. Today you can count on KC for more size with the acquisition of "George the Giant," a bull that I consider to be the best ever used in this herd. He is acclaimed by every progressive thinking breeder and college professor who has seen him as the bull that will put our breed back in the position of acceptability and prominence it once had with ranchers, purebred men and feeders alike.

Now, this country is being invaded again by another European breed of cattle. Are we going to get the size of our Shorthorn cattle to where they are more acceptable against this new competition, or are we going to be by-passed as we were with the last breed to come in. Our breed must get the size up. At least, KC is going to do this, and we will survive.

GORDON PHILIP,
Manager

COME ON OUT — THE WEATHER WILL BE FINE ON ST. PATRICK'S DAY

Here's the long-range weather forecast for the weekend of March 15-16-17.

"Weather is forecasted to be favorable except for the country's peripheries. An intense storm will produce strong winds and severe thunderstorms through the eastern states on Friday and Saturday. (This storm could be one or two days delayed, as often occurs.) Another is expected to move over the Pacific coast slowly on Sunday and Monday. Some light rain or snow is possible over the upper Great Lakes on Sunday and Monday, **while unseasonably warm temperatures dominate most of the country.**"

In other words, the weather at KC should be fine. Come on out. You'll have a whale of a time!

BE OUR GUEST

You are cordially invited to come as early as you like the week preceding the sale. By all means plan to be here early on Sunday, March 16. There is much to see both in the large sale offering and in the extensive Shorthorn and Polled Shorthorn herds.

There'll be plenty of hot coffee and sandwiches and we'll try to make your visit as comfortable and enjoyable as possible.

Plan to be our guest at a buffet dinner at 6 p.m. March 16 at Mr. and Mrs. Dave Lorenz' home. We look forward to having you with us.

Bid by Telephone!

Be at KC on March 17 if at all possible, but if you can't you can bid by telephone!

Those breeders who were at the November Colomeadow sale near Denver know the success of this program and KC considers this method a necessary part of any modern Shorthorn sale.

Three telephones will be installed on the auction block. Just let us know in which animals you're interested. At KC's cost, a call will be placed to you in your home or office just before the animal enters the ring. You can listen to the bidding in progress and place your own bids through a ringman or directly to the auctioneer.

The telephone numbers are:

816/TW 1-2440

816/TW 1-2441

816/TW 1-2447

Queen Margaret 8th of KC by Kelburn Great Event was 1968 International grand champion female for KC and Darlow Meneke, Blair, Neb. Her dam sells on March 17.

Seven International Champion Females in Four Years!

Few herds in history have so completely dominated the International Livestock Exposition female shows.

In 1967 both grand champion Shorthorn females were exhibited by KC.

In 1968 KC again won the grand championship while a daughter of Glamis Benefactor was reserve champion for Penn State.

Later, in the 1968 International Polled Shorthorn show, KC and Gordon Bros., Souris, Man., jointly exhibited the grand champion female.

Six of these seven winners are by Glamis Benefactor and Kelburn Great Event. You can see four of them at KC on sale day. One sold at \$2,100 in the 1967 sale. The 1967 International reserve grand champion sells this year along with the dam of the 1968 champion!

Left — Secret Lilly of KC by Glamis Benefactor was 1966 International junior champion. She sold among the tops of the 1967 sale to Kusel Brothers, Ft. Cobb, Okla.

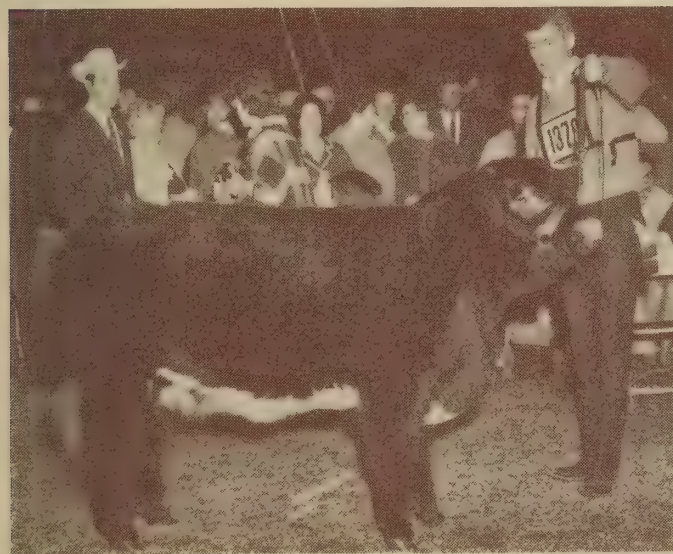

Right — Princess 10th of KC by Glamis Benefactor was 1965 International reserve junior champion and later sold to Pennsylvania State University.

Left — Secret Pearl of KC
was 1967 International grand
champion female. See this

KC FARMS: Well Launched

These young daughters of Glamis Benefactor and Kelburn Great Event are maintained on pasture throughout the year at KC. Most of those pictured sell March 17.

These Glamis Benefactor and Kelburn Great Event daughters are accustomed to living in the open.

KC Shorthorn Farms are located within the limits of Kansas City, Missouri, quite close to the municipal airport. The cow herd is maintained on the old Roanridge Farm which was noted for its Shorthorns during the time of Sni-A-Bar. The farms consist of about 600 acres which are in blue grass and improved pasture mixes. An adjoining 150 acres was purchased recently and includes the site of Mr. and Mrs. Dave Lorenz' new home. This additional land is used for growing alfalfa which is used as both haylage and hay. Some crop farming is done but this is limited to small grain.

The herd includes 80 brood cows which have been assembled from the best foundation stock available. Large drafts of cattle have been added from time to time. Primary among them is a large group of the famous Saltoun females from Scotland. The herd has been ruthlessly culled over the years

On A Program of Breed Improvement

with only the soundest cows retained. Particular emphasis has been placed on good skeletal structure and milking ability.

Cattle have been in good demand privately and KC is now embarked on its biennial sale program. The 1967 sale averaged \$1,278 on 60 head. The 12 bulls averaged \$1,970 with a top of only \$2,250.

The cattle are maintained on a strictly practical basis with nothing but show cattle and weaned calves under 12 months receiving extra grain. Nurse cows have been eliminated.

The cattle selling on March 17 are straight from the heart of the herd. You will find them in practical working condition. Please do not come expecting to see fat animals. KC is pleased to stand behind each individual as a sound breeder capable of reproducing regularly and well.

Left — KC Democrat is one of five KC bulls used by Paul Schrag & Son, Marion, S. D. He is out of the same cow as the \$30,000 KC Clipper Duke x.

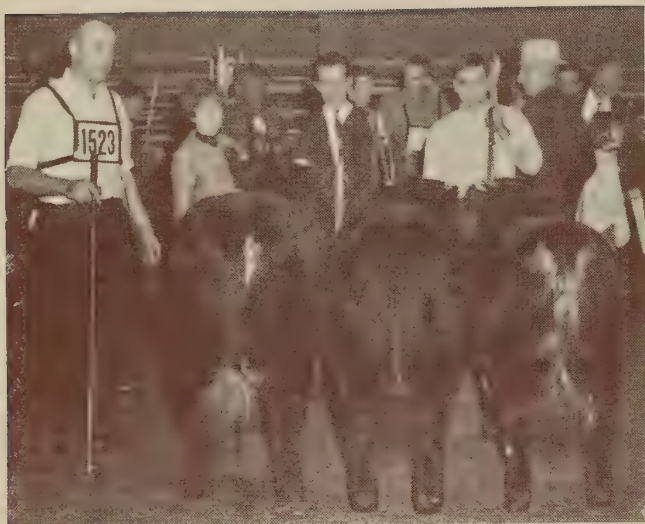

Right — This is how KC Armada looks on pasture for F. A. Heckendorf, Jr. and Family, Castle Rock, Colo. The bull is by Glamis Benefactor and out of Louada Augusta Queen.

KC has twice exhibited the grand champion pen of three bulls at the National Western in Denver. These won in 1966. Further, they have twice shown the best group of three bulls in the show of breeding cattle.

These ^KC Junior Gets of Sire

1968 KC's International first-prize junior get-of-sire
by Kelburn Great Event.

1967 KC's International first-prize junior get-of-sire
by Glamis Benefactor.

At three of the major shows of the breed — the International, American Royal and National Western — KC gives the KC Challenge Trophy to the winner of the important junior get-of-sire class.

It's become almost a tradition, however, for KC to dominate this class in every show in which it exhibits. When that happens, the trophy goes to the second-prize winner.

Here's the recent record of KC first-prize junior gets-of-sire.

1966 KC's International first-prize junior get-of-sire
by Glamis Benefactor.

1968 KC's National Western first-prize junior get-of-sire by Glamis Benefactor.

Kinnaber Dana Coronita 2nd x shown by KC and Kinnaber Stock Farms, Souris, Man., was grand champion female at the 1969 Denver and Ft. Worth shows. Kinnaber brings a special consignment to this sale!

Merry Event of KC x is the only polled son of Kelburn Great Event. He was grand champion of the 1968 American Royal for KC and now is in service in the herd. A number of sale females are in calf to him.

Reserve grand champion female of the 1969 National Western Stock Show in Denver and Southwestern Exposition in Ft. Worth was Princess Lana of KC. She is a senior calf by Glamis Benefactor.

KELBURN GREAT EVENT

Study the Heritage Behind

Calrossie Constellation, the 2,400 pound sire that contributed so much to Shorthorns and Polled Shorthorns everywhere. Among others, he sired Bapton Constructor, used with great success by Louada, KC and Denend. Kelburn Great Event is a Constellation grandson and his dam is by a full brother to Constellation.

Left — Calrossie White Emblem is a full brother to Calrossie Constellation. White Emblem sired the dam of Kelburn Great Event.

Right — Kelburn Clipper Beatrice 5th (left) is the dam of Kelburn Great Event. She's shown with her three-fourths sister the day they won both female championships at Brandon, Man.

Kelburn Great Event is acknowledged everywhere as one of the greatest sires the breed has ever known. He represents a mile-stone in the development of Shorthorns everywhere. His ability to sire great bulls as well as matchless foundation females, marks him as a sire second to none.

Great Event is by a son of the 2,400-pound Calrossie Constellation. He is out of Kelburn Clipper Beatrice 5th, one of the greatest show cows of all time. She was supreme champion over all breeds at Brandon, Man., in 1957. She is by Calrossie White Emblem, a full brother to Calrossie Constellation.

In other words, here is the same breeding that produced the magnificent Bapton Constructor and KC has gone one generation beyond Constructor to get it. That's why Great Event is being used with the large number of Constructor daughters and granddaughters in the herd together with the daughters of Louada Nugget (a son of Constructor) and Glamis Benefactor. It was the Great Event x Nugget cross that produced both the 1968 American Royal and International grand champion females for KC.

With Kelburn Great Event, KC will intensify the blood and influence of the breeding that has contributed the greatest size and stretch-with-quality to Shorthorns and Polled Shorthorns in recent history.

KC's Kelburn Great Event

In 1967 KC exhibited its first Great Event son at Chicago where he was first-place junior calf and a member of the winning pair of calves and best pair of the show. This year a daughter was grand champion at the American Royal and another was grand champion at Chicago. A polled son, Merry Event of KC x, was grand champion at the American Royal. Great Event's junior get won at Chicago and the American Royal.

Great Event's record as a sire is well known. The \$8,600 (for one-half) Remitall Super Event owned jointly by Remitall Cattle Co., Olds, Alta., and McIver Bros., Farwell, Minn., was second top-selling bull of 1968. At the 1968 Canadian International Bull Sale the \$8,100 Remitall Gold Emblem was champion and record top, selling to Melbourne Farm, Big Rock, Ill., that is also using Remitall Captain Jim by Great Event.

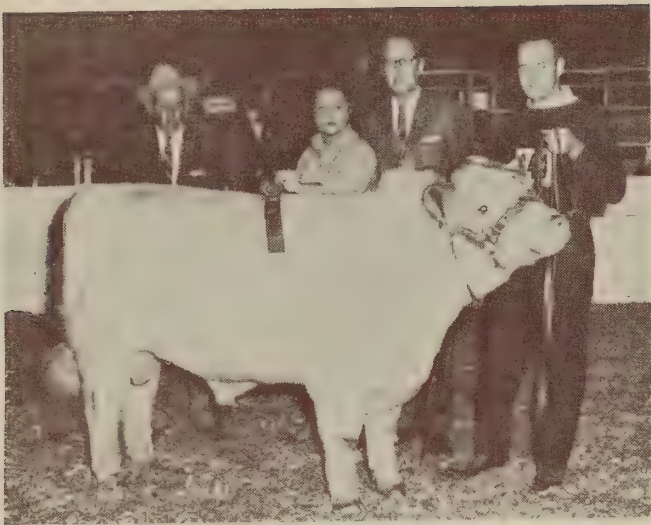

Among others Great Event sired Remitall Baronet, the \$3,500 Denver grand champion owned by Cliff Hill, Salem, Ore.; Remitall Pamella, junior champion of the 1961 Royal Winter Fair; Remitall

Elsie Daisy, 1963 Denver sale champion and top to Wilf Miller, Olds, Alta.; Remitall Banner, \$8,000 Canadian International champion and record top to Colomeadow and Davison Ranch; Remitall Executive, 1962 Edmonton champion and top to John Bell, Spruce Grove, Alta.; Remitall Mascot, 1964 Calgary champion; Remitall Bequest, the \$4,050 champion of the 1968 National Western; KC Silver Event, All-American and International first-prize junior bull calf in 1967, and Bilmar Bold Venture that sold at five weeks for a record \$1,500 to Bilmar Farms, Durand, Mich.; a daughter topped the 1968 National Western at \$1,500 to Mrs. Kay Haley, Ventura, Calif. We could go on and on, but you get the idea.

All Great Event calves have wonderful scale and bone. His daughters are females of exceptional strength and great udders. His influence will affect the Shorthorn breed for generations to come. You can select from seven sons and 16 daughters at KC on March 17. Since Great Event died last fall, this will be the last opportunity to buy his sons and daughters in quantity.

Here's how Kelburn Great Event looked on pasture at KC two years ago. Since this great sire is dead now, this sale will be the last opportunity to buy his get in quantity.

Merry Event of KC x by Kelburn Great Event was grand champion at the 1968 American Royal for KC. He is in service in the herd now.

Left — KC Royal Event by Kelburn Great Event won his class at Denver in 1968 and sold at a long price to Tomson Bros., Wakarusa, Kan.

Right—Remitall Super Event by Kelburn Great Event sold at \$8,600 for half interest to McIver Bros., Farwell, Minn., in the 1968 Remitall Sale.

The Kelburn Great Events!

Who can place a value on a stock bull like Kelburn Great Event? His sons and daughters stand at the forefront of the Shorthorn breed. His prepotence is being felt in the third and fourth generations with no end in sight.

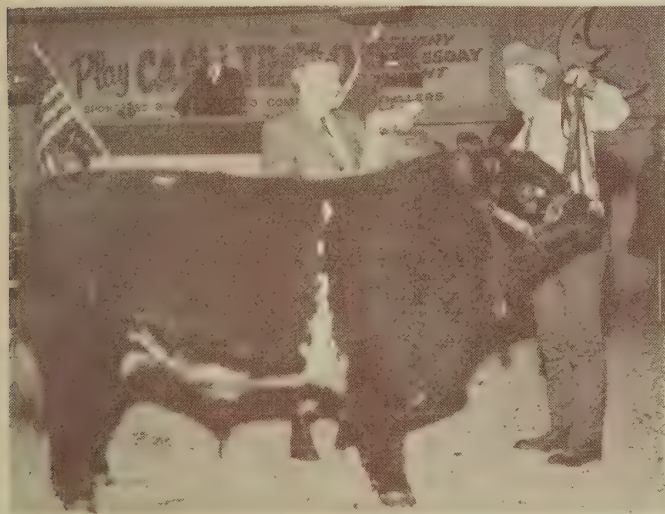

Pictured here are but a very few of the stock bulls and foundation females that made this peerless reputation. They have won the continent's leading shows. They have topped the continent's leading sales. Moreover, they have been selected by the continent's leading cattlemen.

When a line is proved this successful, you are assured of "locked-in" prepotence that can give new life to any herd. Study the seven Great Event sons and 16 daughters selling. Shouldn't at least one of them belong to you?

Left — Queen Clara 2nd of KC by Kelburn Great Event was grand champion of the 1968 American Royal.

Right—Queen Margaret 8th of KC by Kelburn Great Event was 1968 International grand champion for KC and her new owner Darlow Mencke, Blair, Nebr.

Left — Remitall Banner by Kelburn Great Event was champion of the Canadian International Bull Sale and sold at \$8,000 to John F. Shuman & Sons, Byers, Colo.

Right — Remitall Gold Emblem was grand champion of the 1968 Canadian International Bull Sale and record top at \$8,100 to Melbourne Farm, Big Rock, Ill.

GLAMIS BENEFACTOR

GLAMIS BENEFACTOR:

First-prize senior get-of-sire at the 1967 International Livestock Exposition were these by Glamis Benefactor.

Glamis Benefactor is perhaps the greatest show bull of all time. Because no KC catalog would be complete without it, we repeat the record here briefly. Benefactor was the undefeated supreme champion of Great Britain in 1962 and is the only bull ever to win both the Perth and Royal Highland supreme championships in one year. He then went on to sweep seven other shows.

Benefactor is by Calrossie Diadem, the powerful stock bull that sired four consecutive supreme champion and/or top-selling bulls at Perth. Later exported to the United States, Diadem is now owned by Bilmar Farms, Durand, Mich., Mrs. Hugh Fenwick's Boll Weevil Plantation, Waynesboro, Ga., and Michigan State University. Among others, he sired the top-selling bulls in the U.S. in 1964 and again in 1968; the 1965 All-American senior get-of-sire and International reserve grand champion female and reserve junior champion bull and a host of others.

Benefactor's dam is Glamis Helga Broadhooks by Perth reserve supreme champion Kair Masterkey. Among others, she produced Glamis Don Carlos,

Left — Reserve grand champion female at the 1969 National Western was Princess Lana of KC by Glamis Benefactor.

Right — KC White Tornado was second at the 1967 International, reserve senior champion of the Missouri State Fair and grand champion of the Kansas State Fair before selling to Tom Schrag, Burrton, Kan.

Proved by Sons and Daughters Throughout the Country

Perth junior champion sold to Capt. R. S. deQuincey at \$13,500. A full sister to Helga Broadhooks produced the Perth champion of 1962. Note too that the famed Calrossie Baronet was a full brother to Calrossie Hilary Broadhooks, the fourth dam in Benefactor's pedigree.

The year 1966 marked the first time that a full show herd of Benefactor sons and daughters was exhibited. Since that time the record has been amazing including five International champion females! It is detailed fully elsewhere in the catalog, so we do not repeat it here.

It was largely the sons and daughters of Glamis Benefactor that accounted for the record-breaking 1967 KC sale. His progeny prove him as great a sire as his heritage, conformation and show record promised he could be.

Here is a mighty Shorthorn dynasty. Future generations will undoubtedly look to Benefactor with the same respect and admiration that have been accorded to only a handful of bulls in the last century.

Left — First-prize senior get-of-sire at the 1968 National Western were these by Glamis Benefactor.

Right — KC Napoleon by Glamis Benefactor was reserve grand champion of the 1968 National Western and sold to Jack Reed, Kansas City, Kan.

Miss Ramsden of KC by Glamis Benefactor was reserve champion of the 1966 American Royal and sold at \$2,200 in the 1967 KC sale to Dr. A. R. Haight, Tucker, Ga.

BAPTON CONSTRUCTOR

KC is particularly proud to have owned Bapton Constructor and to have acquired a large number of brood cows by him that form a basic part of the herd.

Since Bapton Constructor was imported to North America in 1956, his record has grown and grown until it is unparalleled in modern times. Here are a few of the highlights:

Bapton Constructor was purchased at \$45,000 for Louada Manor Farms, Peterborough, Ont. His first daughter sold for \$10,000 in the Bapton draft sale of 1957. A few days later at Louada his first son, Burnton Gordon, sold for \$13,000 to Tutira Farms, Arundel, Que.

The 1958 Louada Sale included his first sons. Louada Bomber brought \$13,000 from H. D. McGowan. Louada Aristocrat sold to W. N. Anderson at \$8,200. Fourteen sons and daughters averaged \$4,659.

A month later at the International, Louada Bomber was grand champion. Louada Princess Colleen was grand champion female; Louada Luxury was reserve champion female! Louada Regalia was reserve junior champion bull. All were by Constructor. In the groups, the Constructors were first and second in both gets-of-sire, won both bull groups, the pair of females class and the best 10 head.

In 1959 Louada Bonaparte sold for \$30,000 to Carlos Duggan of Argentina and the bull later sired Louada Rothes King, stock bull at Louada today. In the 1959 Louada sale the Constructor bulls averaged \$5,378 and his females averaged \$2,424. At the International that year, Louada Cornerstone was reserve grand champion and Louada Luxury was reserve senior champion. Again the Constructor gets were first and his sons won the three-bull group.

At the time of his death, 87 sons had averaged \$4,722 and 52 daughters \$2,338. This did not include the 45 daughters retained at Louada, and the many calves sold in dam or at foot or the offspring at KC, Maclyn, Tutira and Denend.

In March of 1961 Constructor was sold to KC, Maclyn and Denend Pedigree Farm, Scotland. Thus, he became the only bull ever to go back to Scotland from North America. In Scotland he sired, among others, Denend Ragusa, the \$30,000 Perth supreme champion.

These are only a few highlights of the fabulous Constructor saga. His influence on the breed and the KC herd becomes more dominant with each generation. KC is proud to have been a part of this important chapter of breed history.

LOUADA NUGGET --

The \$36,000 record-priced Louada Nugget is gone now, but his influence will be important throughout Shorthorns and Polled Shorthorns for years to come. By Bapton Constructor, he best typifies the magnificent head, bone and character associated with that line of breeding. Nugget was out of Calrossie Iona Ramsden, one of those valued daughters of Calrossie Hyperbole. Calrossie Flossy Beau and Rothes Flower (two of the great granddams) were two of the best producers of stock bulls the breed has ever known. Nugget has left a great mark on the breed and we sell a few daughters in this sale. It will be the last time any will be offered. He can be credited with siring the dam of the 1968 International grand champion female. A daughter was reserve grand champion of the 1966 National Western. A son sold at \$2,000 in the 1967 sale to Ernest Johnson, Berwick, Ill. A grandson, Sutherland Prospector x, was 1968 International reserve grand champion. Nugget also sired Arrowhead Nucleus x, grand champion of the 1968 Illinois State Fair for Sutherland and Arrowhead. Nucleus is said to have one of the largest ribeyes in the entire breed. Another polled son is in service for Jerry Clodfelter, Greencastle, Ind.

LOUADA NUGGET on pasture at KC.

Left — Scottish Buttercup 3rd of KC was 1966 National Western reserve grand champion female. She is by Louada Nugget.

Right — Sutherland Prospector x is a grandson of Louada Nugget that was 1968 International reserve grand champion. He is owned jointly by Sutherland Farms, Prospect, Ky.; Ben G. Studer, Wesley, Iowa, and Tomson Bros., Wakarusa, Kan.

SCOTSDALE BEACONSFIELD — After looking at all of the top Shorthorn bulls on both sides of the Atlantic and their progeny, KC decided that the best bull to follow the famous Bapton Constructor, Glamis Benefactor and Kelburn Great Event was Scotsdale Tehran. Tehran is stock bull for Mr. and Mrs. S. G. Bennett's Scotsdale, Georgetown, Ont. Many leading breeders have tried to buy him, but the Bennetts are firm in their decision that he must remain at Scotsdale. Accordingly, for the last two years, we have watched every Tehran son and decided on Scotsdale Beaconsfield that we consider to be the best son regardless of price or show record. He brings a new cross of the breed's line of cattle. Anyone who has seen Scotsdale Tehran will agree he is one of the breed's biggest and best bulls in service today. Not only has he passed on his size and heavy muscle to this calf, but also his great strength and character. KC is proud to share ownership in Beaconsfield with Tomson Bros., Wakarusa, Kan., who recently purchased a semen interest.

Come to See "GEORGE THE GIANT"!

KINNABER LEADER 3rd x — This is "George the Giant," the bull destined to remake Polled Shorthorns. Consistent with KC's policy of buying the biggest and best stock bulls available, George was selected in Canada for his exceptional size, substance and quality. He is by the famed TPS Coronet Leader 21st x. His dam is a big cow that carries two crosses of Millhills Fantasy and Kinsman, one of the biggest bulls ever developed in Scotland. Further, there's proof of his ability as a sire. He has proved to be a 100% dehorner to date. Two of his first daughters sell as special sale features through the cooperation of Gordon Brothers, Souris, Man. Whether you breed Shorthorns or Polled Shorthorns or both, this is a bull you must see. Study him carefully at KC on sale day. His service is a special feature. This will be a rare opportunity to acquire it since a limited amount of semen is being offered to the public at \$500 a vial. This is your chance to own one of the first American-born sons or daughters of George the Giant in dam . . . and, you'll get the bonus of the good KC cow that carries that service.

KC CLIPPER DUKE x — The \$30,000 KC Clipper Duke x set a record when one-half interest and possession sold to Cyrus Eaton's Acadia Farms, Northfield, Ohio, in the summer of 1968. As a show bull, Clipper Duke x was equally successful. He was 1967 International reserve junior champion and later became the first Polled Shorthorn bull ever to be grand champion at the big Southwestern Exposition in Ft. Worth. KC is proud indeed to have bred this great sire and to see him go to one of the world's leading herds. Ever since he was a calf, he has shown great promise of exceptional size and substance. His sire is remembered as perhaps the biggest bull of the breed, that weighed 2,670 pounds shortly after being imported and later, in the Curtiss Candy Breeding Stud, he was reported at 2,810 pounds. There are 10 calves at KC now by Clipper Duke x which we will show you on sale day with the greatest pride and pleasure. A very few will sell at side of their dams.

Clipper King of Bapton x

Clipper King of Bapton x laid the foundation of the KC Polled Shorthorn program. Perhaps the largest bull of the breed, he was reported to weigh 2,810 pounds when he was at the Curtiss Candy Bull Stud. His dam was a big cow by Calrossie Constellation and the granddam was daughter of Calrossie Highland Leader. Much of Clipper King's strength, however, came from his sire, Coronet Max Leader 3rd x. This is the line that has produced the best in Polled Shorthorns throughout the world and here at KC we plan to strengthen and perpetuate its influence. Many sons of Clipper King of Bapton x are heading the breed's top herds. A. Watt Taylor's polled herd at Philorth, Scotland, the leading polled herd in Great Britain, is using a son that weighs 2,300 pounds. Jeromie Dewhurst, the son of Col. Hugh and Lady Dewhurst of Ardbennie, Scotland, has started a polled herd with another son. In this country, the record-priced polled bull of the breed at \$30,000 heads the leading polled herd of Cyrus Eaton, Acadia Farms, Northfield, Ohio. Another great son is the AAA Roan Lad of Northwood x in the R. D. Magill herd, Verona, N. D. Yet another AAA bull, Clipper King of U.S.A. x, that has been used by Gordon Bros., Kinnaber Farms, Souris, Man.; Kaehler Bros., St. Charles, Minn., and Don and Pat Stout, and Vic Taylor of Oklahoma, and Dr. Martin Nold, Gettysburg, S. D. Another is being used by George Weems of Texas and Lawrence Birchmier and Ralph Stirm of Iowa. The last son of this great bull and definitely one of the strongest is to be sold March 17. He is typical of the great strength and size Clipper King stamped on his bulls. We feel fortunate in having more daughters of this bull in the herd than any other breeder and are offering two as special sale attractions.

MERRY EVENT OF KC x — He is the only polled son of the famous Kelburn Great Event and he's out of a daughter of the massive Clipper King of Bapton x, thus being the only bull of the breed to combine these two highly successful Shorthorn and Polled Shorthorn lines. He is being retained for service at KC because of his size, trimness, great head, character and sound feet. He is a bull that has substance and is perhaps the soundest son of Kelburn Great Event to date. In 1968 he was grand champion of both the American Royal and the Missouri State Fair. Due to heavy use in the herd, he was not shown at the winter shows; however, he will be exhibited next fall. As a special feature, several sale females carry the service of this popular young bull.

KC CLIPPER ROSEWOOD x — He is said by many to be the best son yet of Clipper King of Bapton x. Those looking for that extra size, length, and ruggedness in a polled bull, will find it here in abundance. His sire has the reputation of being the biggest bull of the last decade, weighing 2,810 pounds while at the Curtiss Bull Stud. He also sired KC Clipper Duke x which set a new world record for a polled bull, going to Acadia Farms at \$30,000 after winning the reserve junior championship at Chicago and becoming the first polled bull ever to win the Ft. Worth grand championship. The first Clipper King of Bapton x daughter in production at KC gave us KC Merry Event x that was grand champion at the Missouri State Fair and the American Royal. A lot of the soundness and substance in KC Clipper Rosewood x has been passed on from his great dam. Another bull from this cow was first this year at the International as a junior calf and also sells. Three full sisters have been retained and all are outstanding. By Bapton Constructor, she passes on the strong influence of the breed's greatest sire. KC retains one-third interest.

KC VOUCHER — This is an outstanding son of Kelburn Great Event. He is big with an abundance of muscle in the right places. Lady Victoria of KC has been a top producer in the herd. A daughter was second to our International and Denver champions at both shows. Another daughter sold at a good figure in the 1967 sale and another son will be in our 1969 show herd.

KC SILVER EVENT — First at the 1967 International Livestock Exposition and American Royal and member of the winning pair of calves and best pair of the show. He's pictured on the cover of the 1967 Year-End Review of The Shorthorn World. He has the look of a stock bull with great strength in his head, bone and feet. He is also a bull with an abundance of muscle and thickness throughout. He has been a great producer and is out of a cow that was Denver champion under W.W. Donaldson. A very attractive full sister sells straight from the show herd.

KC GREAT PRINCE — From the great Burton Princess Royal family that is well known for top production. This bull has run in the pasture all his life with a group of bulls and is not highly fitted. He has size, ruggedness, and is ready for heavy service.

KC NUGGET'S FAREWELL — Named after his sire since this is the last calf sired by the record-priced Louada Nugget that began a new era in the polled breed and sired several cattle with exceptional ribeye measurements. This bull is exceptionally sound with a good head and that extra length of body. His dam is a very outstanding cow by Beaufort Cup-Tie whose daughters have produced many of the breed's top herd bulls.

Beaufort Cup-Tie is famous as the sire of many of the great Saltoun females that have produced so well throughout the world. Many of the bulls and females selling are from Beaufort Cup-Tie dams including Lot 9 below.

These young heifers all sell March 17 at KC.

Where in the world but at KC can you buy females like those illustrated above and listed throughout the catalog. Here are just a few of the features:

The 1967 International reserve grand champion female.

The dam of the 1968 International grand champion female.

The 1968 International first-prize junior calf.

Three of the famed, imported Saltouns.

The dam of the 1966 American Royal reserve grand champion female.

The dam of the 1968 American Royal reserve grand champion female.

Two daughters of Bapton Constructor.

A daughter of the 1964 International reserve junior champion female.

Where in the World But at

KC Shorthorns

Could You Buy Females Like These?

A daughter of the 1966 National Western reserve grand champion female.

Three great polled heifers from Gordon Bros., Souris, Man., including the first two daughters of "George the Giant."

Two daughters of Clipper King of Bapton x.

The first calves at foot by the \$30,000 KC Clipper Duke x.

A sister to the 1965 International reserve junior champion female.

Twelve daughters of Kelburn Great Event.

Never before has such a dazzling array of Shorthorn female strength been offered. And . . . the added bonus . . . they carry the service of Glamis Benefactor, Kelburn Great Event, KC Clipper Duke x, "George the Giant," and the other well-known KC stock bulls.

Queen Margaret 7th of KC was 1967 International reserve grand champion female the same day another KC female was grand champion — one of the few times the same herd has shown both champion females on the same day. She sells as Lot 13.

This was KC's International first-prize pair of females in 1967 and included both of the show's champions. The younger heifer is Queen Margaret 7th of KC, Lot 13.

QUEEN MARGARET 7th OF KC — The 1967 International reserve grand champion female and All-American junior heifer calf! She is a top daughter of Glamis Benefactor from our best female line. The mother was never defeated when shown and has produced very well including our 1968 International first-prize junior heifer calf. Saltoun Queen Margaret 13th is also the granddam of this year's International grand champion female. Sells bred to Kelburn Great Event.

Queen Margaret 8th of KC was 1968 International grand champion female for KC and her new owner Darlow Mencke, Blair, Neb. Her dam sells as Lot 14. The heifer is pictured here at the recent Ft. Worth show.

QUEEN MARGARET 4th of KC — A prime attraction in any sale is this dam of the 1968 International grand champion female! She's by Louada Nugget whose sons have produced some exceptional sonoray scores. The dam is one of those valued Saltoun females that are known for their femininity and unusual prepotence. Sells with a dark roan heifer calf born Feb. 6, by Kelburn Great Event and is thus a full sister to the 1968 International champion.

QUEEN MARGARET 14th of KC — Here's the 1968 International first-prize junior heifer calf! She is bred very much like KC's International grand champion female. Both are by Kelburn Great Event and this one is out of the granddam of the champion. Great Event females are prized by all who own them since they make exceptional foundation females. This could well add luster to any herd. Sells open.

Queen Margaret 14th of KC was first-prize junior heifer calf at the 1968 International Livestock Exposition.
She sells as Lot 16.

KC Owns the Largest Collection of Saltoun Females in the World. Three Sell!

No group of females has produced more stock bulls that, in turn, have had such a far-reaching effect on the breed as the Saltouns. Just a few of their sons include the \$30,000 Perth supreme champion Denend Ragusa; Denend Glen Lake, champion of the Royal Highland; Louada Rothes King, sire of so many of the top sale cattle in North America since 1963; Kirkton Hercules; Bapton Controller, the Perth supreme champion, and dozens of others.

Since the sale of the famed Saltoun herd in Scotland, KC has acquired 24 of the original cows. They are known as females of exceptional strength but they retain the femininity so necessary in the dam of a stock bull. Much of the KC herd now includes either the original Saltoun cows or their daughters and grand-daughters by Bapton Constructor, Louada Nugget, Glamis Benefactor, Kelburn Great Event.

Stock bulls used at Saltoun since 1945 include Cluny Ark Royal; Pittodrie Landmark; Chapelton Royalist, Calrossie Good

News, Easterlovat Gregalach and the great Beaufort Cup-Tie by Cruggleton Guthrie. Fully half of the Saltouns at KC are by the \$18,000 Calrossie Good News or the \$13,500 Beaufort Cup-Tie.

The Saltoun females have produced eminently well here. The Queen Margarets and Princess Margarets that have accounted for so many of KC's champion females descend from the Saltouns. Three Saltouns sold in the 1967 sale brought \$2,200, \$1,800 and \$1,950. A Saltoun daughter brought \$2,200 and another \$1,500. The top bull of the sale sold to Orlyn Oswald and Richard Popelka of Montana. He was from a Bapton Constructor Saltoun. Three other Saltoun sons in that sale brought \$2,000, \$1,750 and \$1,550.

This sale includes three of the original females. They frankly are catalogued as feature sale attractions. You'll find many sons and daughters of this great foundation unit as well. Study them carefully. They have produced with distinction for leading breeders throughout the world. What can they do for you?

Queen Clara 2nd of KC was grand champion of the 1968 American Royal for KC. Her dam sells as Lot 18!

SALTOUN PRINCESS MARGARET 17th — This has been the foundation cow of the great Princess Royal line in our herd. She is a big cow, has an excellent udder, and is a top producer. A daughter is the best Bapton Constructor cow in the herd and produced KC Prince Regal, top selling bull in our last sale to Oswald Shorthorns, Joliet, Mont., and also KC Royal Event which sold to Tomson Bros., Wakarusa, Kan. Another daughter by Glamis Benefactor is the largest Benefactor female we have. A daughter by Kelburn Great Event is also being retained. She was grand champion at the 1968 American Royal. A son, KC White Tornado, stood second twice at the International and was purchased by Tom and Pete Schrag, Burrton, Kan., and is doing a great job for them. Sells bred to Glamis Benefactor.

Lot 19**Female****QUEEN MARGARET 3rd of KC 3158-500**

BONNYVIEW DAFFODIL 18Y x was 1968 International grand champion Polled Shorthorn female for KC and Gordon Bros., Souris, Man.

KINNABER DANA CORONITA 2nd x was 1969 Denver and Ft. Worth grand champion female for KC and Gordon Bros., Souris, Man.

A Special Polled Shorthorn Feature

Because of the great interest in Polled Shorthorn cattle throughout the country, KC is pleased to augment the 1969 KC female offering with three females through the co-operation of Gordon Bros., Souris, Man.

Shorthorn and Polled Shorthorn breeders everywhere are familiar with the great success of the Gordon heifers pictured above that were exhibited with the KC cattle in 1968-69. They are

indicative of the big, long, trim modern kind we are all trying to breed.

We are especially pleased to have two of the first daughters of "George the Giant," KC's new stock bull purchased from the Gordons. They will prove his ability to stamp his progeny with his great size and quality.

These are excellent females and we recommend them as we would our own.

GREEN BLUFF MILLIE x, Lot 43.

GREEN BLUFF MILLIE x — Will calve about sale time to Cumberland Ranch Hand x, an extremely long son of TPS Coronet Galaxy 16th x that sired the heaviest Shorthorn bull ever tested at Douglas, Man., weighing 1,010 pounds at 10½ months.

Selling the First Daughters

Green Bluff Millie x and Green Bluff Nancy x are out of full sisters and with the cooperation of Gordon Bros., of Kinnaber, we were able to obtain these heifers as a special attraction. They are the best calves from each crop sired by "George the Giant" while he was being used in Saskatchewan. Not only do we feel George is the start of a new era at KC Farms but a new era in the entire Shorthorn and Polled Shorthorn industry. He is by the same sire as Kinnaber Dana Coronita 2nd x, the 1969 Denver grand champion, a big, modern female that was admired by cattlemen of all breeds. He is a bull producing progeny in demand today for their extra size, length, trimness, and, most important, the ability to grow.

of "George the Giant"

We are proud to offer Green Bluff Millie x and Green Bluff Nancy x, certainly two of the greatest Polled Shorthorn heifers ever to be offered at auction. Every Shorthorn herd should want to own them. These females and their half sisters amazed leading cattlemen of all breeds who saw them in Saskatchewan. Many said they were as big at a year as many two-year-olds. Along with their extra size, they take a back seat to none in quality. They are big, modern brood cow prospects which are hard to find and seldom offered for sale. Five of their half brothers are on test at Stanford, Montana, P.R.I. Station, America's biggest Performance Testing Station. You owe it to yourself to see the bulls. Their size will amaze you.

GREEN BLUFF NANCY x — Sells open.

From left are Edgescreek Fashion 5Z x, Lot 45, and Green Bluff Nancy x, Lot 44.

EDGECREEK FASHION 5Z x — We asked Gordon Bros., to bring along another heifer to present to you as the type of Polled Shorthorns they are breeding in Manitoba. Although they would not part with a daughter of TPS Coronet Leader 21st x, this is an example of the kind they breed and sell. A thick, well-balanced female that should make a fine impression at the 1969 shows. Remember, Kinnaber females won both the National Western and the International Polled Shorthorn shows. She was bred in one of Saskatchewan's best herds and is by a son of the Missouri State champion TPS Coronet Foresight 2nd x. Fashion 5Z x is the first calf offered by Coronet Viceroy x, a young stock bull that is breeding very well. He descends from Priam Royal Leader x, himself, on both sides of the pedigree. Sells open.

		Oak Hill Missie 36th
		Roan, Alvin V. Baird

BELVOIR MISSIE 3rd — The daughters of Willow Lee Benefactor 8th were the best in the Belvoir herd. We were fortunate in obtaining several including the dam of this heifer that weighs more than 1,400 pounds. Note the concentration of top bulls in this pedigree. Drynie Conquest, Calrossie Sportsman and Edellyn Royal Mercury by Calrossie Mercury, are all bulls that have contributed mightily to the breed. She will calve by sale day to the record-priced KC Clipper Duke x.

Dear Friend:

St. Patrick's Day draws near, and excitement is building. Harris Simons reports today that the number of 1969 KC Sale Catalogue requests has just broken the record for all time!

It isn't often you get to bid on a selection of BIG bulls these days. Friday, Gordon weighed some bulls that are in the sale. Below are names, birth dates, weights on February 23 and estimated weight Sale Day:

<u>Name</u>	<u>Born</u>	<u>Weight Feb. 23th</u>	<u>Estimated Wt. Sale Day</u>
KC Orangeman	Jan 23, 1967	1,650	1,630
KC Silver Event	Jan 14, 1967	1,600	1,635
KC Clipper Rosewood	Apr 12, 1967	1,510	1,550
KC Voucher	May 12, 1967	1,525	1,560

Despite their heavy weights, these bulls can move, and are in good condition to go out in your pasture and go to work. (Note long bull runs here at KC)

Be sure to arrive early enough Sunday, March 16th to see the cattle, and then come over to our house for refreshments and buffet at 6 o'clock. Chances are you will see more Shorthorn and Polled Shorthorn people here in one place than you've seen for a while.

If you need transportation after you arrive in Kansas City, please call JU7-1007 for a car to come pick you up.

Looking forward to seeing you.

Sincerely yours,

KC SHORTHORNS

P.S. It will be worth the trip just to get to see GEORGE THE GIANT. He's weighing 2,200 pounds, running with cows in the pasture...which is where you'll see him at KC.

Greenfield, Iowa
March 19, 1969

Dear Wayne,

We had a busy weekend with Jim and his family here, arriving Saturday, but they knew we wanted to go, so they took off in good time on Sunday and we were on our way to Kansas City by noon.

We still had time to look over the cattle before going to the Lorenz home. It was a very cozy gathering with standing room only in the recreation room and some were in the sitting room upstairs, I think. Pat played the organ for us several times during the evening. It was a noisy place but we found several to visit with and enjoyed ourselves very much.

We missed out on Lot 1 but settled for Lot 37 at \$625. Ha! She is a nice little heifer--Fernwood Victoria. She is listed as roan, but from a distance is dark red. She is open but with breeding privileges. I debated about George the Giant, but he is so big and awkward that I was afraid the calving might be a problem and give us trouble. I told Gordon I would probably write for vials from Clipper Duke x. If you would think any other of the KC bulls more suitable, write soon. We can have any of them.

We bid \$675 on Lot 58. It went for \$735. Didn't seem as if there was any blue sky this time--mostly realistic bidding.

We arranged to have our heifer brought to Villisca and then drove down last night to get her. And we still think she looks good today.

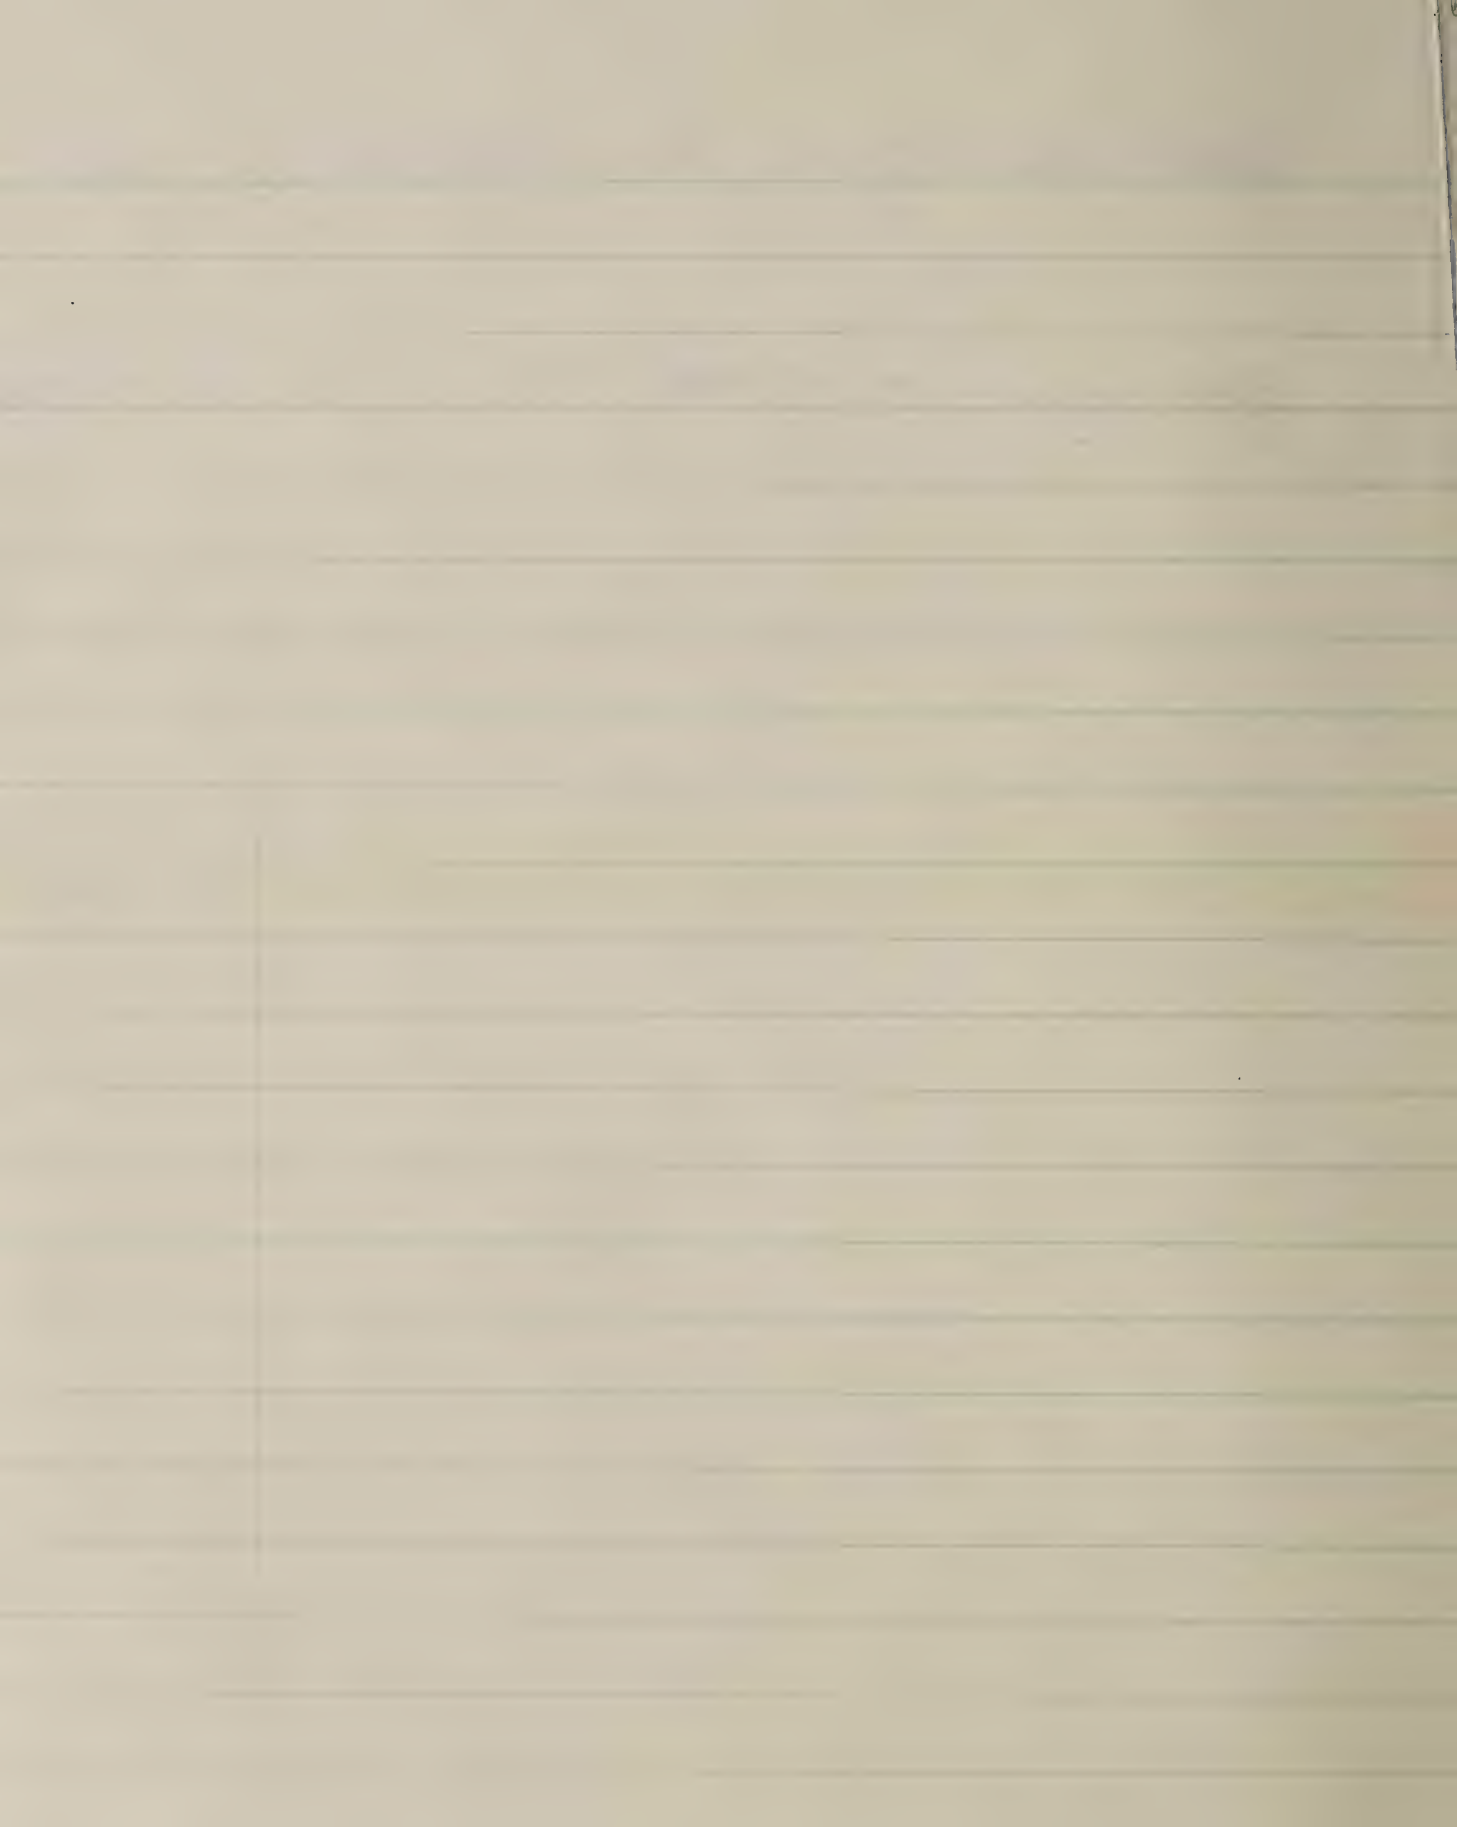

The weekend was warm, so we have no snow left now. Spring work seems just around the corner. And I believe everyone is ready for the change.

Sincerely,

Keith & Myrtle

Bred heifers - 57, 52, (49 with ^{born} calf) 40, 39, 34, 30.
27,

Open heifers - 50, 41, ~~40~~ 37, 36, 35, 33, 31, 32, 30.
